Redna cena z DDV: **349,90 €**

Na zalogi

Inteligentno prilagajanje temperature in pretoka zraka
Naprava meri razdaljo in trajanje uporabe ter avtomatsko uravnava toploto, da zaščiti lase pred pregrevanjem.

Smart Heat Control

Miracle Pro features an intelligent thermal regulation system that adjusts airflow temperature and speed in real time based on usage distance and duration. It senses its position relative to the scalp or hair and responds promptly to external conditions.

130 000 RPM visokohitrostni motor
Zasnovan za hitro sušenje (npr. do ramen segajoči lasje v samo dveh minutah), ob ohranjanju zdravega videza las in njihove sijaja.

Fast. Durable. Powerful.

Powered by a high-performance motor, Miracle Pro dries hair in just 2 minutes* while decreasing blade wear for longer durability. Enjoy efficient styling that saves time without compromising results.

130,000RPM*
Business Motor

72m/s*
Airflow

*Based on 100% humidity and 100% hair coverage. Actual results may vary. For more information, please visit our website.

Razpršilo z nego (essence mist)
Inovativna nega, ki ohranja lase vlažne, gladke in osvežene od korenin do konic.

Fragrant Care with Nourishment

Inflused with collagen and collagen-rich nutrients, the essence delivers hydration and care from root to tip. With each use, it releases a soft, soothing fragrance.

White Truffle Extract
UV & Sunscreen

Micro-Keratin
Smoother & Shield

Deep-Sea Cedar Extract
Replenish & Fortify

Rdeča LED svetloba za stimulacijo lasišča
Podpira krvni pretok, kar prispeva k močnejšim in bolj odporni lasi.

Revive with Red Bloom Light

Miracle Pro incorporates dual red light to gently stimulate the scalp during styling, supporting circulation at the roots and enhancing hair strength and resilience over time.

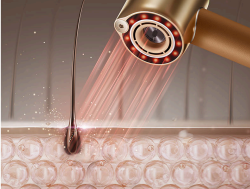

Dual Wavelength Light
Stimulates and Activates

Clinically Verified
Reduces hair loss by 50% in 12 weeks

100% Positive Receptivity* - Scalp Barrier Support
Participants observed noticeable improvement in scalp condition.

100% Confirmed* - Sebum Regulation
Regulated sebum levels across all participants.

*Based on 100% humidity and 100% hair coverage. Actual results may vary. For more information, please visit our website.

LED zaslon + samodejna prepoznavna nastavkov
Prikaz stanja in samodejno prepoznavanje nastavka z možnostjo zapomnitve, za nemoteno uporabo

Smoothing Nozzle

Delivers concentrated airflow to reduce surface irregularities for a sleek, polished finish.

Styling Nozzle

Provides directional airflow for precise sectioning and controlled styling during blowouts.

Unfrize Nozzle

Releases dual air and infrared flames for a relaxed, frizz-free appearance.

Diffuser Nozzle

Disperses airflow evenly to enhance natural curl and volume without disrupting definition.

Specifikacije:
